

How-to: Set up Polygon

A

Connect an existing wallet with Polygon Network

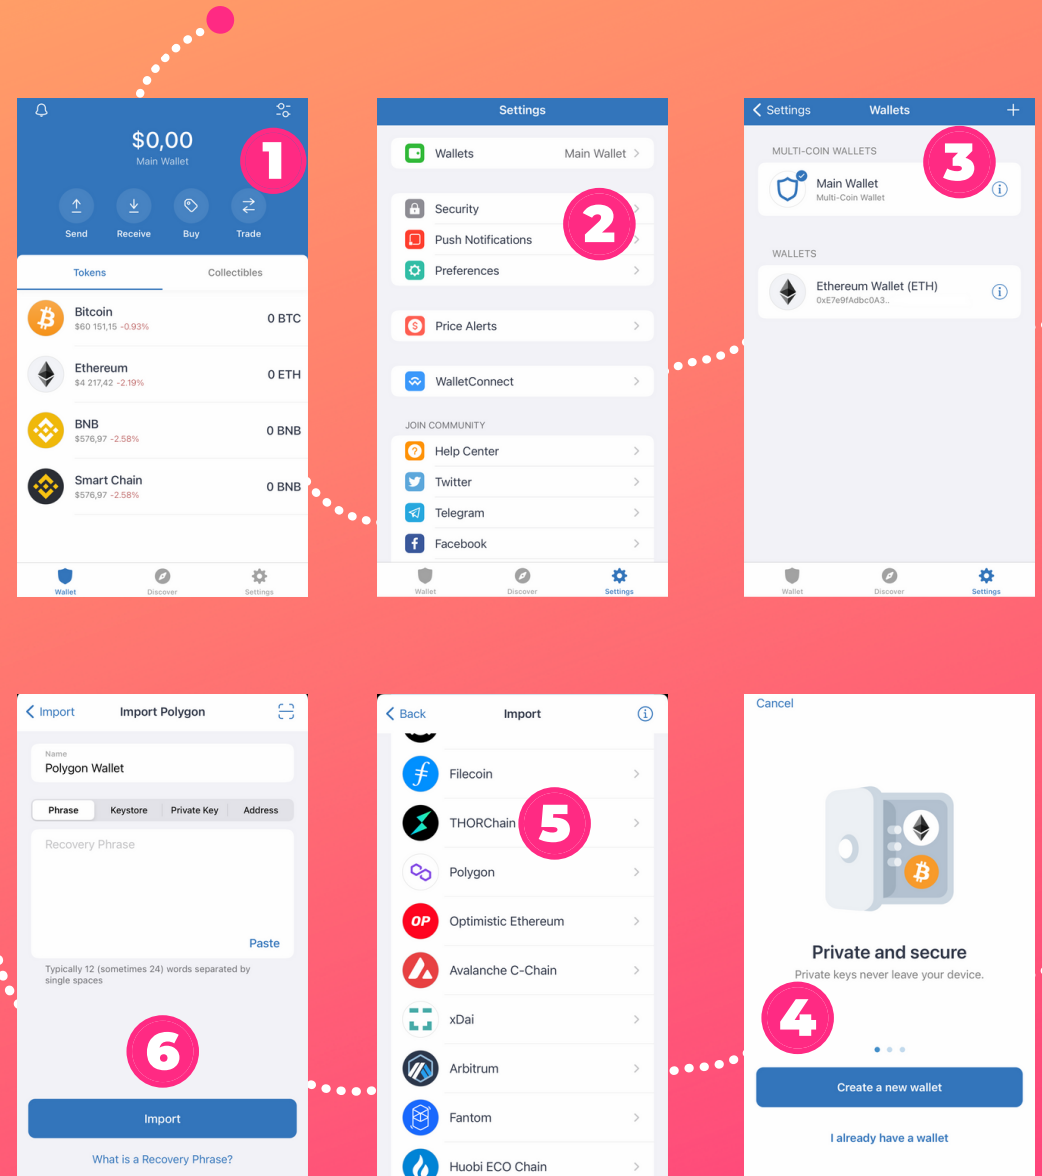

For this option, you'll need to import an existing wallet using your Phrase or Private Key.
Never disclose this to anyone!

This step will allow you to use the same address on Polygon as on mainnet.

- Open "**Settings**" page
- Click on "**Wallets**"
- Click on the "+" sign

- Select "**I already have a wallet**"
- Select "**Polygon**"
- Import wallet with from your ETH wallet

How-to: Set up Polygon

B

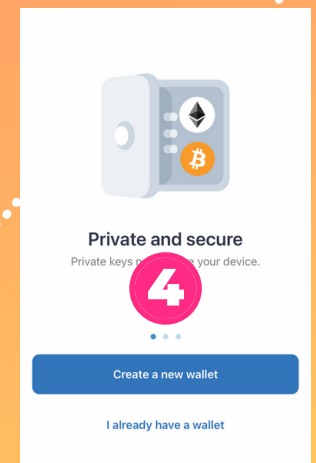

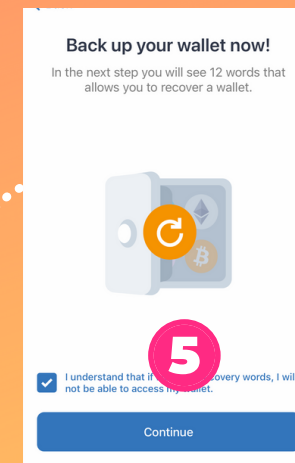

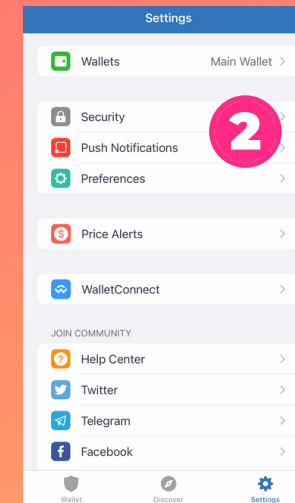

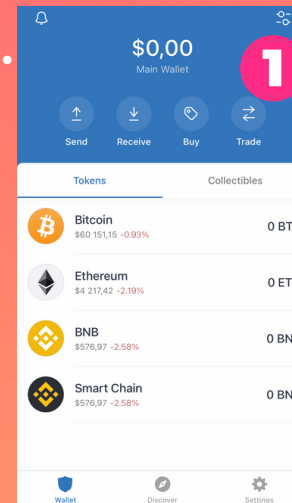

Create wallet with Polygon Network

- Open "**Settings**" page
- Click on "**Wallets**"
- Click on the "+" sign

- Select "**Create a new wallet**"
- Select "**Continue**"
- Write down generated phrases, and keep them somewhere safe
- Click on "**Finish**"

How-to: Set up Polygon

Add Kitty Coin to your wallet on Polygon Network

Make sure you have switched to **Polygon** when adding **Kitty Coin** token! You can switch in the TrustWallet settings.

- Click "**Manage assets**" in the top-right corner
- Click on "**Add Custom Token**"
- Fill in form as stated below

- **Contract address:**
0xb4228798fF437ecD8fa43429664e9992256fe6Ac
- **Name:** Kitty Coin
- **Symbol:** \$KITTY
- **Decimals:** 18
